Technology Guru

I wish there was a way to describe my job role at Howtel. I started as a business solutions specialist. My skills were obvious and I stepped into the IT Position. I manage the IT for our Horsham, Ararat, Warrnambool & Hamilton locations. I also contract myself to several local businesses and run a small web hosting company using WHMCS & WHM on 2 VPS servers (www.westvicdomains.com).

DEATH
Entrepreneur

I am a problem solver. Always have been. Always will be. I am a DJ (Wilson's Nightclub Resident), Licensed Pyrotechnician, Freelance Tech Support Guy, Sell Electronic Cigarettes (www.vaporette.com.au), Graphic Designer and much more. I need to be challenged to succeed. Repetition bores me. I cant sit still.

Horsham College
2000 - 2005
I left school in Year 11 to pursue a management career at McDonald's. I didn't want to attend university and wanted to get a head start on a career.
